## ASPIRIANT RISK-MANAGED CAPITAL APPRECIATION FUND NOTES TO FINANCIAL STATEMENTS

September 30, 2023 (Unaudited)

### 1. ORGANIZATION

Aspiriant Risk-Managed Capital Appreciation Fund (the "Fund") is a Delaware statutory trust registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as a non-diversified, closed-end management investment company. The Fund operates under an Agreement and Declaration of Trust dated November 10, 2020. The Fund commenced its operations on April 1, 2021, after the conversion of the Global Capital Opportunities, L.P. (the "Private Fund"), a privately offered investment fund managed by the Investment Manager (as defined below) with investment policies, objectives, guidelines, and restrictions that were in all material respects equivalent to those of the Fund. The Fund offers shares of beneficial interest ("Shares"). Aspiriant, LLC serves as the investment adviser (the "Investment Manager") of the Fund. The Investment Manager is an investment adviser registered with the Securities and Exchange Commission (the "SEC") under the Investment Advisers Act of 1940, as amended. The investment objective of the Fund is to seek long-term capital appreciation. The Fund is a "fund of funds" that intends to invest primarily in general or limited partnerships, U.S. and foreign funds, corporations, trusts or other investment vehicles (collectively, "Investment Funds") that invest or trade in a wide range of securities. The Fund intends to invest its assets in U.S. and foreign markets, including emerging markets, securities and Investment Funds

The Board of Trustees (the "Board") of the Fund has the overall responsibility for monitoring the operations of the Fund, including the Investment Manager.

### 2. SIGNIFICANT ACCOUNTING POLICIES

**Basis of Preparation and Use of Estimates** – The Fund is an investment company and follows the accounting and reporting guidance under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 946, Financial Services – Investment Companies ("ASC 946"). The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The preparation of the financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from these estimates.

**Cash** – Cash and cash held in escrow for Shares tendered and Shares received in advance, if any, may include demand deposits. Such deposits, at times, may exceed federally insured limits. The Fund has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on such accounts.

**Investment Valuation** – The Board has delegated day-to-day management of the valuation process to the Investment Manager as the appointed Valuation Designee, which has established a valuation committee to carry out this function. The Valuation Designee is subject to the oversight of the Board. The Valuation Designee is responsible for assessing and managing key valuation risks, and is generally to review valuation methodologies, valuation determinations, and any information provided by the Investment Manager.

**Investments in Portfolio Funds** – As a practical expedient, the Fund estimates the fair value of interests in Portfolio Funds ("Portfolio Funds' Interests") that do not have a readily determinable fair value using the net asset value ("NAV") per share (or equivalent, such as member units, or an ownership interest in partners' capital to which a proportionate share of net assets is attributed) of the Portfolio Funds as determined by the respective investment manager ("Portfolio Fund's Manager"), if the NAV per share of the Portfolio Fund (or its equivalent) is calculated in a manner consistent with measurement principles in ASC 946 as of the reporting entity's measurement date. If the NAV per share (or its equivalent) of the Portfolio Fund is not as of the Fund's measurement date or is not calculated in a manner consistent with the measurement principles of ASC 946, the Fund may adjust the most recent NAV per share (or its equivalent) as necessary in order to estimate the fair value for the Portfolio Fund in a manner consistent

## ASPIRIANT RISK-MANAGED CAPITAL APPRECIATION FUND NOTES TO FINANCIAL STATEMENTS (Continued)

September 30, 2023 (Unaudited)

### 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

with the measurement principles of ASC 946 as of the Fund's measurement date. The Fund will deviate from the NAV (or its equivalent) if it is probable at the measurement date that the Fund will redeem a portion of a Portfolio Fund at an amount different from the NAV per share (or its equivalent).

Investments in Portfolio Funds are subject to the terms of the Portfolio Funds' offering documents. Valuations of Portfolio Funds may be subject to estimates and are net of management and performance incentive fees or allocations payable to the Portfolio Funds' Managers as required by the Portfolio Funds' offering documents. If the Valuation Designee determines that the most recent NAV (or its equivalent) reported by the Portfolio Fund does not represent fair value or if the Portfolio Fund fails to report a NAV to the Fund, a fair value determination is made under procedures established by and under the general supervision of the Valuation Designee. Because of the inherent uncertainty in valuation, the estimated values may differ from the values that would have been used had a ready market for the securities existed, and the differences could be material. Prospective investors should be aware that situations involving uncertainties as to the value of portfolio positions could have an adverse effect on the Fund's net assets if the judgments of the Valuation Designee, or the Portfolio Funds' Managers should prove to be incorrect. Portfolio Funds' Managers only provide determinations of the NAV of each Portfolio Fund on a monthly/ quarterly basis, in which event it will not be possible to determine the NAV of the Fund more frequently. The Portfolio Funds' Interests in which the Fund invests or plans to invest are generally illiquid. The Fund may not be able to dispose of Portfolio Funds' Interests that it has purchased. As of September 30, 2023, investments in Portfolio Funds were valued at \$110,481,638, which represented 81.56% of the NAV of the Fund.

Investments in Marketable Securities – Investments in marketable securities listed or traded on an exchange are valued at their last traded price, as of the exchange's official close of business. The Fund does not adjust the quoted price for these investments even in situations where the Fund holds a large position and a sale could reasonably impact the quoted price.

Redeemable securities issued by open-end investment companies and open-end foreign funds are valued at the respective investment company's or foreign fund's applicable NAV per share, with the exception of exchange-traded open-end investment companies which are priced as marketable securities.

**Investment Transactions and Related Investment Income** – All investment transactions are recorded on the trade date. Interest income on cash held in the Fund's interest-bearing accounts is recognized on an accrual basis. Dividend income is recorded on ex-dividend dates. Distributions from marketable securities are classified as investment income or realized gains based on the U.S. income tax characteristics of the distribution. Distributions received from Portfolio Funds are recorded on the effective date, based on the character determined by the Portfolio Fund. Return of capital or security distributions received from Portfolio Funds and securities are accounted for as a reduction to cost. Net realized gain or loss on investments includes net investment gains or losses from marketable securities and realized gains or losses indirectly allocated to the Fund from investments in Portfolio Funds. Realized gains and losses from investments in Portfolio Funds are recognized when reported by those Portfolio Funds. Realized gains and losses from other investments are recorded on a specific identification basis.

**Foreign Currency Translation** – The books and records of the Fund are maintained in U.S. dollars. Assets and liabilities denominated in foreign currencies are translated into U.S. dollar equivalents using period-end spot foreign currency exchange rates. Purchases and sales of investments, and their related income and expenses are translated at the rate of exchange on the respective dates of such transactions. Realized and unrealized gains and losses resulting from foreign currency changes are reflected in the Statement of Operations as a component of net realized gain/(loss) and net change in unrealized appreciation on marketable securities and Portfolio Funds.

## ASPIRIANT RISK-MANAGED CAPITAL APPRECIATION FUND NOTES TO FINANCIAL STATEMENTS (Continued)

September 30, 2023 (Unaudited)

### 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Federal Income Taxes** – From inception through December 31, 2022, the Fund operated as a partnership for U.S. federal income tax purposes and was not subject to income taxes as a separate entity. Such taxes were the responsibility of the individual shareholders. Each shareholder was treated as the owner of its proportionate share of the net assets, income, expenses, and the realized and unrealized gains/(losses) of the Fund.

Effective January 1, 2023, the Fund elected to be treated as a corporation for U.S. federal income tax purposes, and it further intends to elect to be treated, and expects each year to qualify, as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended. Accordingly, shareholders of the Fund will receive information detailing their income and gain with respect to the Fund on IRS Forms 1099 instead of IRS Schedules K-1 for calendar years beginning January 1, 2023.

The Fund's policy is to comply with the requirements of the Internal Revenue Code that are applicable to regulated investment companies and to distribute all of its taxable income to its shareholders. Therefore, no federal income tax provision is required. The Fund may utilize earnings and profits on redemption of shares as part of the dividends paid deduction.

FASB ASC Topic 740, Income Taxes ("ASC 740") requires an evaluation of tax positions taken (or expected to be taken) in the course of preparing the Fund's tax return to determine whether these positions meet a "more-likely-than-not" standard that, based on the technical merits, have a more than fifty percent likelihood of being sustained by a taxing authority upon examination. A tax position that meets the "more-likely-than-not" recognition threshold is measured to determine the amount of benefit to recognize in the financial statements. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the Statement of Operations.

ASC 740 requires management of the Fund to analyze all open tax years for all major jurisdictions, which the Fund considers to be its federal income tax filings. The open tax years can include current years plus the prior three tax years, or all years if the Fund has been in existence for less than three years. As of and during the six months ended September 30, 2023, the Fund has not recorded a liability for any unrecognized tax benefits. The Fund has no examinations in progress and is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly change in the next twelve months.

### 3. FAIR VALUE DISCLOSURE

In accordance with FASB ASC 820-10, Fair Value Measurement ("ASC 820"), the Fund discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to valuations based upon unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurement) and the lowest priority to valuations based upon unobservable inputs that are significant to the valuation (Level III measurements). ASC 820 provides three levels of the fair value hierarchy as follows:

*Level I* — Unadjusted quoted prices for identical assets or liabilities in active markets that are accessible at the measurement date and on an-ongoing basis. Investments in marketable securities are classified at Level I in the fair value hierarchy

*Level II* — Valuations based on observable inputs other than quoted prices in active markets for identical assets or liabilities.

*Level III* — Valuation techniques that require inputs that are both significant to the fair value measurement and are unobservable (e.g. supported by little or no market activity).

### 3. FAIR VALUE DISCLOSURE (Continued)

The following table summarizes the valuation of the Fund's investments as of September 30, 2023, by the fair value hierarchy levels:

Investments	Fair Value Measurements					Total
	Level I	Level II	Level III	NAV as Practical Expedient		
Marketable Securities ....	\$ 17,417,543	\$ —	\$ —	\$ —	\$ 17,417,543	\$ 17,417,543
Portfolio Funds .....	—	—	—	110,481,638	110,481,638	110,481,638
Short-term Investment ..	8,533,159	—	—	—	8,533,159	8,533,159
<b>Total Investments .....</b>	<b>\$ 25,950,702</b>	<b>\$ —</b>	<b>\$ —</b>	<b>\$ 110,481,638</b>	<b>\$ 136,432,340</b>	<b>\$ 136,432,340</b>

Investments in Portfolio Funds valued at the NAV as practical expedient are not required under U.S. GAAP to be classified in the fair value hierarchy, however, they are included in the table above to reconcile the total value of investments.

A listing of the Portfolio Fund types held by the Fund and the related attributes, as of September 30, 2023 are shown in the table below:

Investment Category	Fair Value (in 000's)	Unfunded Commitments (in 000's)	Remaining Life*	Redemption Frequency*	Notice Period (in days)	Redemption Restriction Terms*
Core <sup>(1)</sup> .....	\$ 52,229	\$ —	Indefinite	Monthly - Bi-yearly	30-120	May be subject to lockup periods (of up to 3 years) and/or investor and/or fund level gates of up to 20% per withdrawal date
Opportunistic <sup>(2)</sup> .....	47,059	16,210	Up to 12 years	None	N/A	N/A
Market <sup>(3)</sup> .....	11,194	—	Indefinite	Monthly	10	N/A
	<b>\$ 110,482</b>	<b>\$ 16,210<sup>(4)</sup></b>				

(1) Investments in commingled limited partnerships that have exposure to a range of security types.

(2) Consists of both private equity and venture capital investments.

(3) Investments in Portfolio Funds that are similar to traditional pooled vehicles, with investments across the full risk spectrum.

(4) As of September 30, 2023, the Fund had total outstanding commitments of \$16,019,102 and \$190,760 to the partnership interests and membership interests of Portfolio Funds, respectively.

\* The information summarized in the table above represents the general terms for the specified asset class. Individual Portfolio Funds may have terms that are more or less restrictive than those terms indicated for the asset class as a whole. In addition, most Portfolio Funds have the flexibility, as provided for in their constituent documents, to modify and waive such terms.

### 4. RISK FACTORS

The Fund's investment activities expose it to various risks, which are associated with the markets and the financial instruments in which it invests (as discussed in Notes 2 and 3). The following summary is not intended to be a comprehensive summary of all risks inherent in investing in the Fund.

**Credit** – Financial instruments which potentially subject the Fund to concentrations of credit risk consist primarily of cash and cash equivalents. Substantially, all of the Fund's cash is deposited with one financial institution. Deposits, at times, may be in excess of federally insured limits. The Fund has not experienced any losses on its cash and cash equivalents, nor does it believe it is exposed to any significant credit risk.

**Liquidity Constraints of Portfolio Funds** – Since the Fund may make additional investments in or affect withdrawals from a Portfolio Fund only at certain times pursuant to limitations set forth in the governing documents of the Portfolio Fund, the Fund from time to time may have to invest a greater portion of its assets temporarily in money market securities than it otherwise might wish to invest and may have to borrow money to repurchase Shares. The redemption or withdrawal provisions regarding the Portfolio Funds vary from fund to fund. Therefore, the Fund may not be able to withdraw its investment in a Portfolio Fund promptly after it has made a decision to do so. Some Investment Funds may impose early redemption fees while others may not. This may adversely affect the Fund's investment return or increase the Fund's expenses and limit the Fund's ability to make offers to repurchase Shares from shareholders. Portfolio Funds may be permitted to redeem their interests in-kind. Thus, upon the Fund's withdrawal of all or a portion of its interest in an Investment Fund, it may receive securities that are illiquid or difficult to value.

**Limited Liquidity** – Shares in the Fund provide limited liquidity since shareholders will not be able to redeem Shares on a daily basis. A shareholder may not be able to tender its Shares in the Fund promptly after it has made a decision to do so. There is no assurance that a shareholder will be able to tender its Shares when or in the amount that a shareholder desires. In addition, with very limited exceptions, Shares are not transferable, and liquidity will be provided only through repurchase offers made quarterly by the Fund. Shares in the Fund are therefore suitable only for investors who can bear the risks associated with the limited liquidity of Shares and should be viewed as a long-term investment.

**Non-Diversified Status** – The Fund is a "non-diversified" management investment company. Thus, there are no percentage limitations imposed by the 1940 Act on the Fund's assets that may be invested, directly or indirectly, in the securities of any one issuer. Consequently, if one or more securities are allocated a relatively large percentage of the Fund's assets, losses suffered by such securities could result in a higher reduction in the Fund's capital than if such capital had been more proportionately allocated among a larger number of securities. The Fund may also be more susceptible to any single economic or regulatory occurrence than a diversified investment company.

**Leverage Risk** – The Fund does not generally intend to utilize leverage, however, the Fund is permitted to and may, in the sole discretion of the Investment Manager, leverage its investment positions, when deemed appropriate by the Investment Manager for any reason. Furthermore, the strategies implemented by the Portfolio Funds typically are leveraged. While leverage presents opportunities for increasing the total return on investments, it has the effect of potentially increasing losses as well. Accordingly, any event which adversely affects the value of an investment could be magnified to the extent leverage is utilized. The cumulative effect of the use of leverage with respect to any investments in a market that moves adversely to such investments could result in a substantial loss that would be greater than if the investment were not leveraged.

### 4. RISK FACTORS (Continued)

**Market Risk** –Market risk arises primarily from changes in the market value of financial instruments. Exposure to market risk is influenced by a number of factors, including the relationships between financial instruments, and the volatility and liquidity in the markets in which the financial instruments are traded. Local, regional, or global events such as war, acts of terrorism, the spread of infectious illness or other public health issues, recessions, or other events could have a significant impact on the market generally, the value of Funds’ investments, and overall performance of the Fund. In many cases, the use of financial instruments serves to modify or offset market risk associated with other transactions, and accordingly, serves to decrease the Fund’s overall exposure to market risk. The Fund attempts to control its exposure to market risk through various analytical monitoring techniques.

### 5. INVESTMENTS BY THE FUND

The Fund, generally, has the ability to liquidate its investments periodically, depending on the type of investment, and for the Portfolio Funds, depending on the provisions of the respective Portfolio Fund’s governing agreements. Contribution requirements may also vary based on each Portfolio Fund’s governing agreements. Investment advisors who operate Portfolio Funds in which the Fund invests, receive fees for their services. The fees include management fees, performance allocations and direct expenses based upon the NAV of the Fund’s investment. These fees are deducted directly from the trading account or Portfolio Fund investment balance in accordance with an advisory or limited partnership agreement. The management fees ranged from 0%–2% (with possible performance or high water mark fees ranging from 0% to 20%).

The Fund can liquidate or redeem the marketable securities, open-end investment companies and open-end foreign funds on a daily basis, and there are no restrictions or limitations placed on such investments. Additionally, the terms of the Portfolio Funds’ governing documents generally provide for restrictions on transferability, minimum holding periods or lock-ups, the suspension of redemptions/withdrawals or the institution of gates on redemptions/withdrawals, at the discretion of the Portfolio Funds’ Managers, and as a result, the Fund may not be able to redeem/withdraw from an investment in a Portfolio Fund without continued exposure to changes in valuations, which could be material.

The Fund’s share of Portfolio Funds that were 5% or more of its net assets as of September 30, 2023 is as follows:

Investment (Description of Strategy)	Percentage of NAV	Fair Value	Redemptions Permitted/Restrictions
Stripes V, LP (Private Equity) <sup>(a)</sup>	9.1%	\$12,268,332	10 year term starting January 2021 subject to 3 1-year extensions upon discretion of GP with the consent of the LP Advisory Committee; redemptions are generally not permitted, but the general partner makes distributions from the sales of the underlying assets
Oaktree Opportunities Fund Xb, L.P. (Private Credit) <sup>(b)</sup>	8.4%	\$11,364,215	10 year term starting January 2020 subject to automatic extensions up to 15th anniversary upon discretion of GP and further extension with limited partner approval; redemptions are generally not permitted, but the general partner makes distributions from the sales of the underlying assets

(a) This strategy includes funds that focus on investment opportunities in private companies with attractive growth prospects and seek to achieve attractive, risk-adjusted absolute returns.

(b) This strategy includes funds that focus on investment opportunities in private debt issued by companies that have little or no access to traditional sources of financing and seek to achieve attractive, risk-adjusted absolute returns.

(c) This strategy includes funds that employ long and short trading in global equities and attempt to achieve capital appreciation.

As of September 30, 2023, certain of the Fund's investments were deemed to be investments in affiliated issuers under the 1940 Act, primarily because the Fund owns 5% or more of the investment's total capital. The activity resulting from investments in these investments, including dividend income as well as realized gains and losses, is identified in the Statement of Operations as transactions with affiliated investments. A listing of these affiliated investments (including activity during the six months ended September 30, 2023) is shown below:

### 6. INVESTMENT MANAGEMENT FEE AND OTHER TRANSACTIONS WITH SERVICE PROVIDERS

**Investment Management Fee** – The Fund pays to the Investment Manager an investment management fee (the “Investment Management Fee”) in consideration of the advisory and other services provided by the Investment Manager to the Fund. Pursuant to an investment management agreement (the “Investment Management Agreement”), the Fund pays the Investment Manager a quarterly Investment Management Fee equal to 0.50% on an annualized basis of the Fund’s NAV as of each quarter-end. NAV means the total value of all assets of the Fund, less an amount equal to all accrued debts, liabilities and obligations of the Fund. For purposes of determining the Investment Management Fee payable to the Investment Manager for any quarter, NAV will be calculated prior to any reduction for any fees and expenses of the Fund for that quarter, including, without limitation, the Investment Management Fee payable to the Investment Manager for that quarter, and before giving effect to any repurchase of Shares in the Fund effective as of that date. For the six months ended September 30, 2023, the Fund incurred \$336,826 in management fees.

The Investment Manager has entered into an investment management fee limitation agreement (the “Management Fee Limitation Agreement”) with the Fund, whereby the Investment Manager has agreed to waive 0.40% of its Investment Management Fee. The Management Fee Limitation Agreement was in effect for one year from the commencement of operations and will automatically renew for consecutive one-year terms thereafter (each, a “Current Term”). Neither the Fund nor the Investment Manager may terminate the Management Fee Limitation Agreement during the Current Term. The Investment Management Fee waiver is not subject for recoupment. For the six months ended September 30, 2023, the Fund waived \$269,461 in Investment Management Fees.

Certain officers of the Fund are employees of the Investment Manager and are not paid by the Fund for the services they provide to the Fund.

**Administrative Services Fee** – Pursuant to an administrative services agreement with the Fund, the Investment Manager is entitled to a fee calculated at an annual rate of 0.10%, payable quarterly in arrears, based upon the Fund’s net assets as of quarter-end for providing administrative services to the Fund. Such services include the review of shareholder reports and other filings with the SEC; oversight of the Fund’s primary service providers; periodic due diligence reviews of the Fund’s primary service providers; coordination and negotiation of all of the contracts and pricing relating to the Fund’s primary service providers, with the advice of Fund counsel; providing information to the Board relating to the review and selection of the Fund’s primary service providers; and all such other duties or services necessary for the appropriate administration of the Fund that are incidental to the foregoing services.

**Distributor** – UMB Distribution Services, LLC is the distributor (also known as principal underwriter) of the Shares of the Fund and acts as the agent of the Trust in connection with the continuous offering of Shares of the Fund.

**Administrator** – UMB Fund Services, Inc. (the “Administrator”) serves as administrator to the Fund and provides certain administrative, clerical, bookkeeping and investor related services. For these services the Administrator receives a quarterly fee, as well as reasonable out of pocket expenses. For the six months ended September 30, 2023, the Fund paid \$70,951 in administration fees.

Certain trustees and officers of the Fund are employees of the Administrator and are not paid by the Fund for the services they provide to the Fund.

**Custodian** – UMB Bank, n.a. (the “UMB Bank”), an affiliate of the Administrator, serves as the primary custodian of the assets of the Fund, and may maintain custody of such assets with U.S. and non-U.S. sub custodians (which may be banks and trust companies), securities depositories and clearing agencies in accordance with the requirements of Section 17(f) of the 1940 Act and the rules thereunder. Assets of the Fund are not held by the Investment Manager

or commingled with the assets of other accounts other than to the extent that securities are held in the name of the UMB Bank or U.S. or non-U.S. sub custodians in a securities depository, clearing agency or omnibus customer account of such custodian. In consideration for these services, the Fund pays the UMB Bank an asset based fee.

**Chief Compliance Officer** – Vigilant Compliance, LLC (“Vigilant”) provides Chief Compliance Officer (“CCO”) services to the Fund. An officer of the Fund is an employee of Vigilant.

**Guarantees and Indemnification** – In the normal course of business, the Fund enters into contracts with service providers that contain general indemnification clauses. The Fund’s maximum exposure under these arrangements is unknown, as this would involve future claims against the Fund that have not yet occurred. Based on experience, the Fund expects the risk of loss to be remote.

### 7. CAPITAL CONTRIBUTIONS AND WITHDRAWALS

The Fund will generally offer Shares for purchase as of the first business day of each calendar quarter, except that Shares may be offered more or less frequently as determined by the Board in its sole discretion. The Board may also suspend or terminate offerings of Shares at any time.

A substantial portion of the Fund’s investments are illiquid. For this reason, the Fund is structured as a closed-end fund, which means that the shareholders will not have the right to redeem their Shares on a daily basis. In addition, the Fund does not expect any trading market to develop for the Shares. As a result, if investors decide to invest in the Fund, they will have very limited opportunity to sell their Shares. At the discretion of the Board and provided that it is in the best interests of the Fund and the shareholders to do so, the Fund intends to provide a limited degree of liquidity for the shareholders by conducting repurchase offers generally quarterly with a valuation date on or about March 31, June 30, September 30 and December 31 of each year. Each repurchase offer ordinarily will be limited to the repurchase of approximately 5% of the Shares outstanding, but if the value of Shares tendered for repurchase exceeds the value the Fund intended to repurchase, the Fund may determine to repurchase less than the full number of Shares tendered. In such event, shareholders will have their Shares repurchased on a pro rata basis, and tendering shareholders will not have all of their tendered Shares repurchased by the Fund. No shareholder will have the right to require the Fund to redeem its Shares.

### 8. FEDERAL TAX INFORMATION

At September 30, 2023, the cost of investments on a tax basis and gross unrealized appreciation/(depreciation) on investments for federal income tax purposes were as follows:

Cost of investments .....	<u>\$ 126,218,872</u>
Gross unrealized appreciation .....	\$ 33,664,447
Gross unrealized depreciation .....	<u>(23,450,979)</u>
Net unrealized appreciation on investments .....	<u>\$ 10,213,468</u>

The difference between cost amounts for financial statement and federal income tax purposes is due primarily to timing differences in recognizing certain gains and losses related to the Fund’s investments in partnerships, including differences relating to the period before the Fund elected to be taxed as a regulated investment company.

## ASPIRIANT RISK-MANAGED CAPITAL APPRECIATION FUND NOTES TO FINANCIAL STATEMENTS (Continued)

### 8. FEDERAL TAX INFORMATION (Continued)

U.S. GAAP requires that certain components of net assets be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or NAV per share. For the fiscal year ended March 31, 2023, permanent differences in book and tax accounting have been reclassified to paid-in capital and total distributable earnings/(losses) as follows:

Increase(Decrease)	
Paid-In Capital	Total Distributable Earnings (Loss)
\$ 28,850,546	\$ (28,850,546)

Effective January 1, 2023, the Fund elected to be treated as a corporation for U.S. federal income tax purposes, and it further intends to elect to be treated, and expects to qualify, as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended. Accordingly, there are no additional disclosures related to the Fund's tax provision as the first tax year end as a regulated investment company will be October 31, 2023.

### 9. INVESTMENT TRANSACTIONS

For the six months ended September 30, 2023, the total purchases and total distribution proceeds from sale, redemption or other disposition of investments, excluding short-term investments, amounted to \$2,294,221 and \$0, respectively.

### 10. SUBSEQUENT EVENTS

The Fund has evaluated the events and transactions through the date the financial statements were issued and determined there were no subsequent events that required adjustment to or disclosure in the financial statements.
