ASPIRIANT RISK-MANAGED REAL ASSETS FUND LETTER TO SHAREHOLDERS

March 31, 2023 (Unaudited)

The Aspiriant Risk-Managed Real Assets Fund (“XARAX” or the “Fund”) returned -6.91% (as restated, see Note 11) for the one-year period ended March 31, 2023. Over the same period, the Fund’s benchmark, the Dow Jones Global Select Real Estate Securities Index (the “Benchmark”), returned -20.72%.

The Fund has an allocation to marketable securities through the use of exchange-traded funds (ETFs) and mutual funds. This allocation is used to provide the Fund a level of liquidity and broad exposure to global real assets including but not limited to publicly traded real estate, infrastructure companies, and commodities. Public real estate suffered negative returns for the year, with wide dispersion across property types. Meanwhile, public infrastructure investments provided positive returns during the year. The commodity exposures in the Fund were focused on precious metals. These exposures added value to the Fund as both gold and silver outperformed the Benchmark.

The ability to invest in private real estate and other private real assets is one of the potential advantages of the Fund. The exposures to commingled limited partnerships and non-traded real estate investment trust provide a mix of private high-quality real estate, infrastructure assets and absolute return strategies. These allocations were extremely beneficial during the fiscal year as the mix of private core managers significantly outperformed the Benchmark.

Lastly, the Fund’s allocations to private real assets also contributed positively to the Fund’s performance. Recent investments in European industrial and the energy transition are off to a promising start.

During the year, we added Rush Island, LP (“Rush Island”) and GCP SecureSpace Property Partners, LP (“GCP”) to the portfolio. Rush Island is an absolute return long/short strategy focused on the publicly traded real estate market. GCP is a private strategy focused on the highly fragmented self-storage market.

Thank you for your investment in the Fund.

John Allen
Portfolio Manager
Chief Investment Officer, Aspiriant, LLC

The performance data quoted represents past performance and is not a guarantee of future results. Investment return and principal value of an investment will fluctuate so that an investor’s shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance information quoted. To obtain performance information current to the most recent month-end, please call 1-877-997-9971.

Portfolio composition will change due to ongoing management of the Fund. References to specific securities should not be construed as a recommendation by the Fund, the adviser or distributor.

An investment in the Shares is not suitable for you if you need foreseeable access to the money you invest. The Fund is an appropriate investment only for those investors who can tolerate a high degree of risk and do not require a liquid investment.

The Fund is subject to substantial risks — including market risks, industry concentration risks, strategy risks, valuation risks, and investment advisers to the Investment Funds (the “Underlying Manager”) risks. The Fund allocates its assets to Underlying Managers and invests in Investment Funds that invest in and actively traded securities and other financial instruments using a variety of strategies and investment techniques that may involve significant risks. Investment Funds generally will not be registered as investment companies under the 1940 Act and, therefore, the Fund will not be

entitled to the various protections afforded by the 1940 Act with respect to its investments in Investment Funds. The investment adviser will not have any control over the Underlying Managers, thus there can be no assurances that an Underlying Manager will manage its Investment Funds in a manner consistent with the Fund's investment objective.

The Fund intends to offer to repurchase approximately 5% of its outstanding Shares (generally each quarter), and there is no guarantee that Shareholders will be able to sell all of the Shares that they desire to sell in any particular repurchase offer. If a repurchase offer is oversubscribed, the Fund may repurchase only a pro rata portion of the Shares tendered by each Shareholder. The potential for proration may cause some investors to tender more Shares for repurchase than they wish to have repurchased. The decision to offer to repurchase Shares is at the sole discretion of the Board of Trustees (the "Board") and the Board may, under certain circumstances, elect not to offer to repurchase Shares. Various other types of risks are also associated with investments in the Fund, including risks relating to the fund of funds structure of the Fund, risks relating to compensation arrangements and risks relating to industry concentration.

Each prospective investor in the Fund will be required to certify that it is an "accredited investor" within the meaning of Rule 501 under the Securities Act of 1933, as amended. The criteria for qualifying as an "accredited investor" are set forth in the investor application that must be completed by each prospective investor.

These views may not be relied upon as investment advice or as an indication of trading intent on behalf of any Aspiriant, LLC portfolio.

Please consider the Fund's investment objectives, risks, charges and expenses carefully before investing. The prospectus that contains this and other information about the Fund is available by calling 1-877-997-9971 and should be read carefully prior to investing.

The below referenced unmanaged index does not reflect the deduction of fees and taxes associated with a mutual fund, such as investment management and fund accounting fees. Investors cannot invest directly in an index, although they can invest in their underlying securities.

The Dow Jones Global Select Real Estate Securities Index is a float-adjusted, market capitalization weighted index that is a measure of the types of global real estate securities that represent the ownership and operation of commercial or residential real estate. In order to be included in the index, a company must be both an equity owner and operator of commercial and/or residential real estate, have a minimum total market capitalization of \$200 million at its time of inclusion, have at least 75% of its total revenue derived from the ownership and operation of real estate assets, and the liquidity of its stock must be commensurate with that of other institutionally held real estate securities. It is not possible to invest directly in an index.

Aspiriant Risk-Managed Real Assets Fund is distributed by UMB Distribution Services, LLC. Aspiriant, LLC serves as the investment adviser of the Fund. UMB Distribution Services, LLC and Aspiriant, LLC are unaffiliated.

The performance data quoted represents past performance and is not a guarantee of future results. Investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance information quoted. To obtain performance information current to the most recent month-end, please call 1-877-997-9971, or go to www.aspiriantfunds.com.

The Investment Manager has entered into an investment management fee limitation agreement with the Fund, whereby the Investment Manager has agreed to waive its advisory fee from 0.50% to 0.40% through April 1, 2024. Both arrangements may be terminated only by the Fund's Board of Trustees.

* For the period close of business April 1, 2021 (commencement of operations) through March 31, 2023.

⁽¹⁾ The Dow Jones Global Select Real Estate Securities Index tracks the performance of equity real estate investment trusts and real estate operating companies traded globally. Returns include the reinvestment of distributions but do not consider sales charges. Performance is shown for illustrative purposes only and does not predict or depict the performance of the Fund.

The above referenced unmanaged index does not reflect the deduction of fees and taxes associated with a mutual fund, such as investment management and fund accounting fees. Investors cannot invest in an index, although they can invest in their underlying securities.

Returns reflect the reinvestment of distributions made by the Fund, if any. The graph and the performance table above do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

ASPIRIANT RISK-MANAGED REAL ASSETS FUND NOTES TO FINANCIAL STATEMENTS

March 31, 2023

1. ORGANIZATION

Aspiriant Risk-Managed Real Assets Fund (formerly known as “Aspiriant Risk-Managed Real Asset Fund”, the “Fund”) is a Delaware statutory trust registered under the Investment Company Act of 1940, as amended (the “1940 Act”), as a non-diversified, closed-end management investment company. The Fund operates under an Agreement and Declaration of Trust dated October 26, 2020. The Fund commenced its operations on April 1, 2021, after the conversion of the Global Real Estate Opportunities, L.P. (the “Private Fund”), a privately offered investment fund managed by the Investment Manager (as defined below) with investment policies, objectives, guidelines, and restrictions that were in all material respects equivalent to those of the Fund. The Fund offers shares of beneficial interest (“Shares”). Aspiriant, LLC serves as the investment adviser (the “Investment Manager”) of the Fund. The Investment Manager is an investment adviser registered with the Securities and Exchange Commission (the “SEC”) under the Investment Advisers Act of 1940, as amended. The investment objective of the Fund is to seek long term capital appreciation. The Fund is a “fund of funds” that intends to invest primarily in general or limited partnerships, funds, corporations, trusts or other investment vehicles (collectively, “Investment Funds”) that invest substantially all their assets in real estate, infrastructure, commodities and other real asset securities and funds. Under normal circumstances, the Fund intends to invest at least 80% of its net assets in Investment Funds that hold equity, debt and other economic interests in real assets or real asset companies.

The Board of Trustees (the “Board”) of the Fund has the overall responsibility for monitoring the operations of the Fund, including the Investment Manager.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation and Use of Estimates — The Fund is an investment company and follows the accounting and reporting guidance under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 946, Financial Services – Investment Companies (“ASC 946”). The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The preparation of the financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from these estimates.

Cash — Cash and cash held in escrow for Shares tendered and Shares received in advance, if any, may include demand deposits. Such deposits, at times, may exceed federally insured limits. The Fund has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on such accounts.

Investment Valuation — The Board has delegated day-to-day management of the valuation process to the Investment Manager as the appointed Valuation Designee, which has established a valuation committee to carry out this function. The Valuation Designee is subject to the oversight of the Board. The Valuation Designee is responsible for assessing and managing key valuation risk, and is generally to review valuation methodologies, valuation determinations, and any information provided by the Investment Manager.

Investments in Portfolio Funds — As a practical expedient, the Fund estimates the fair value of interests in Portfolio Funds (“Portfolio Funds’ Interests”) that do not have a readily determinable fair value using the net asset value (“NAV”) per share (or equivalent, such as member units, or an ownership interest in partners’ capital to which a proportionate share of net assets is attributed) of the Portfolio Funds as determined by the respective investment manager (“Portfolio Fund’s Manager”), if the NAV per share of the Portfolio Fund (or its equivalent) is calculated in a manner consistent with measurement principles in ASC 946 as of the reporting entity’s measurement date. If the NAV per share (or its equivalent) of the Portfolio Fund is not as of the Fund’s measurement date or is not calculated in a manner consistent with the measurement principles of ASC 946, the Fund may adjust the most recent NAV per

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

share (or its equivalent) as necessary in order to estimate the fair value for the Portfolio Fund in a manner consistent with the measurement principles of ASC 946 as of the Fund's measurement date. The Fund will deviate from the NAV (or its equivalent) if it is probable at the measurement date that the Fund will redeem a portion of a Portfolio Fund at an amount different from the NAV per share (or its equivalent).

Investments in Portfolio Funds are subject to the terms of the Portfolio Funds' offering documents. Valuations of Portfolio Funds may be subject to estimates and are net of management and performance incentive fees or allocations payable to the Portfolio Funds' Managers as required by the Portfolio Funds' offering documents. If the Valuation Designee determines that the most recent NAV (or its equivalent) reported by the Portfolio Fund does not represent fair value or if the Portfolio Fund fails to report a NAV to the Fund, a fair value determination is made under procedures established by and under the general supervision of the Valuation Designee. Because of the inherent uncertainty in valuation, the estimated values may differ from the values that would have been used had a ready market for the securities existed, and the differences could be material. Prospective investors should be aware that situations involving uncertainties as to the value of portfolio positions could have an adverse effect on the Fund's net assets if the judgments of the Valuation Designee, or the Portfolio Funds' Managers should prove to be incorrect. Portfolio Funds' Managers only provide determinations of the NAV of each Portfolio Fund on a monthly/ quarterly basis, in which event it will not be possible to determine the NAV of the Fund more frequently. The Portfolio Funds' Interests in which the Fund invests or plans to invest are generally illiquid. The Fund may not be able to dispose of Portfolio Funds' Interests that it has purchased. As of March 31, 2023, investments in Portfolio Funds were valued at \$112,529,432, which represented 66.19% (as restated, see Note 11) of the NAV of the Fund.

Investments in Marketable Securities — Investments in marketable securities listed or traded on an exchange are valued at their last traded price, as of the exchange's official close of business. The Fund does not adjust the quoted price for these investments even in situations where the Fund holds a large position and a sale could reasonably impact the quoted price.

Redeemable securities issued by open-end investment companies are valued at the investment company's applicable NAV per share, with the exception of exchange-traded open-end investment companies which are priced as marketable securities.

Transfer In-Kind — On April 1, 2021, the Fund received an in-kind transfer of assets and liabilities from the Private Fund. The transfer was non-taxable, whereby the Fund issued Shares equal to the fair value of the net assets received. For financial reporting purposes, net assets received and ownership amounts in the Fund were recorded at fair value and the historical cost basis was retained as a result of the non-taxable nature of the transfer. The investments received by the Fund were evaluated using fair value procedures adopted by the Board. The characteristics of the value received are presented as follows:

Fund	Paid-In-Capital Value Received	Character of Value Received	Value Received
The Fund	\$ 158,321,263	Investments at cost	\$ 139,689,931
		Net unrealized appreciation on investments	17,610,837
Total	\$ 158,321,263	Cash	1,374,145
		Liabilities in excess of other assets	(353,650)
		Total	\$ 158,321,263

15,832,126.30 Shares were issued with an initial NAV of \$10.00.

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Fund obtained \$30,135,239 in outstanding commitments in Portfolio Funds from the Private Fund.

Investment Transactions and Related Investment Income — All investment transactions are recorded on the trade date. Interest income on cash held in the Fund's interest-bearing accounts is recognized on an accrual basis. Dividend income is recorded on ex-dividend dates. Distributions from marketable securities are classified as investment income or realized gains based on the U.S. income tax characteristics of the distribution. Distributions received from Portfolio Funds are recorded on the effective date, based on the character determined by the Portfolio Fund. Return of capital or security distributions received from Portfolio Funds and securities are accounted for as a reduction to cost. Net realized gain or loss on investments includes net investment gains or losses from marketable securities and realized gains or losses indirectly allocated to the Fund from investments in Portfolio Funds. Realized gains and losses from investments in Portfolio Funds are recognized when reported by those Portfolio Funds. Realized gains and losses from other investments are recorded on a specific identification basis.

Foreign Currency Translation — The books and records of the Fund are maintained in U.S. dollars. Assets and liabilities denominated in foreign currencies are translated into U.S. dollar equivalents using period-end spot foreign currency exchange rates. Purchases and sales of investments, and their related income and expenses are translated at the rate of exchange on the respective dates of such transactions. Realized and unrealized gains and losses resulting from foreign currency changes are reflected in the Statement of Operations as a component of net realized gain/(loss) and net change in unrealized appreciation on marketable securities and Portfolio Funds.

Federal Income Taxes (as restated, see Note 11) — It is the Fund's intention to comply with the special provisions of Subchapter M of the Internal Revenue Code applicable to regulated investment companies ("Regulated Investment Company"). As provided therein, in any tax year in which a Fund generates 90% of its gross income from qualifying sources under Section 851(b)(2) of the Internal Revenue Code ("Qualifying Income Test"), a Fund's portfolio holds at least 50% of its assets in qualifying assets at the end of each quarter, and distributes at least 90% of its taxable income, such Fund (but not the shareholders) will be relieved of federal income tax on the income distributed.

The Fund did not qualify as a Regulated Investment Company pursuant to Subchapter M of the Internal Revenue Code for the tax year ended October 31, 2022 because it did not generate 90% of its gross income from qualifying sources. Furthermore, the Investment Manager determined that at March 31, 2023 the Fund did not meet the "more likely than not" evaluation criterion provided by ASC 740, *Income Taxes* ("ASC 740"), to qualify as a Regulated Investment Company because it would not generate 90% of its gross income from qualifying sources. As a result, the Fund is treated as a regular C corporation for federal income tax purposes and as such is obligated to pay federal, state and local income tax on taxable income. See Note 8 for further details.

ASC 740 requires an evaluation of tax positions taken (or expected to be taken) in the course of preparing the Fund's tax return to determine whether these positions meet a "more-likely-than-not" standard that, based on the technical merits, have a more than fifty percent likelihood of being sustained by a taxing authority upon examination. A tax position that meets the "more-likely-than-not" recognition threshold is measured to determine the amount of benefit to recognize in the financial statements. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the Statement of Operations.

ASC 740 requires management of the Fund to analyze all open tax years for all major jurisdictions, which the Fund considers to be its federal income tax filings. The open tax years include the current year plus the prior three tax years, or all years if the Fund has been in existence for less than three years. As of and during the year ended March 31, 2023, the Fund did not record a liability for any unrecognized tax benefits. The Fund has no examinations in progress and is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly change in the next twelve months.

3. FAIR VALUE DISCLOSURE

In accordance with FASB ASC 820-10, Fair Value Measurement (“ASC 820”), the Fund discloses the fair value of its investments in a hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to valuations based upon unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurement) and the lowest priority to valuations based upon unobservable inputs that are significant to the valuation (Level III measurements). ASC 820 provides three levels of the fair value hierarchy as follows:

Level I — Unadjusted quoted prices for identical assets or liabilities in active markets that are accessible at the measurement date and on an-ongoing basis. Investments in marketable securities are classified at Level I in the fair value hierarchy.

Level II — Valuations based on observable inputs other than quoted prices in active markets for identical assets or liabilities.

Level III — Valuation techniques that require inputs that are both significant to the fair value measurement and are unobservable (e.g. supported by little or no market activity).

The following table summarizes the valuation of the Fund’s investments as of March 31, 2023, by the fair value hierarchy levels:

Investments	Fair Value Measurements				NAV as Practical Expedient	Total
	Level I	Level II	Level III			
Marketable Securities	\$ 55,460,797	\$ —	\$ —	\$ —	\$ 55,460,797	
Portfolio Funds	—	—	—	112,529,432	112,529,432	
Short-term Investment	5,565,988	—	—	—	5,565,988	
Total Investments	\$ 61,026,785	\$ —	\$ —	\$ 112,529,432	\$ 173,556,217	

Investments in Portfolio Funds valued at the NAV as practical expedient are not required under U.S. GAAP to be classified in the fair value hierarchy, however, they are included in the table above to reconcile the total value of investments.

	<u>\$ 112,529</u>	<u>\$ 32,982⁽³⁾</u>				

⁽¹⁾ Investments in commingled limited partnerships that have exposure to a range of security types.

⁽²⁾ Consists of both private equity and venture capital investments.

⁽³⁾ As of March 31, 2023, the Fund had total outstanding commitments of \$32,024,266 and \$957,709 to the partnership interests and membership interests of Portfolio Funds, respectively.

* The information summarized in the table above represents the general terms for the specified asset class. Individual Portfolio Funds may have terms that are more or less restrictive than those terms indicated for the asset class as a whole. In addition, most Portfolio Funds have the flexibility, as provided for in their constituent documents, to modify and waive such terms.

4. RISK FACTORS

The Fund's investment activities expose it to various risks, which are associated with the markets and the financial instruments in which it invests (as discussed in Notes 2 and 3). The following summary is not intended to be a comprehensive summary of all risks inherent in investing in the Fund.

Credit — Financial instruments which potentially subject the Fund to concentrations of credit risk consist primarily of cash and cash equivalents. Substantially, all of the Fund's cash is deposited with one financial institution. Deposits, at times, may be in excess of federally insured limits. The Fund has not experienced any losses on its cash and cash equivalents, nor does it believe it is exposed to any significant credit risk.

Liquidity Constraints of Portfolio Funds — Since the Fund may make additional investments in or affect withdrawals from a Portfolio Fund only at certain times pursuant to limitations set forth in the governing documents of the Portfolio Fund, the Fund from time to time may have to invest a greater portion of its assets temporarily in money market securities than it otherwise might wish to invest and may have to borrow money to repurchase Shares. The redemption or withdrawal provisions regarding the Portfolio Funds vary from fund to fund. Therefore, the Fund may not be able to withdraw its investment in a Portfolio Fund promptly after it has made a decision to do so. Some Investment Funds may impose early redemption fees while others may not. This may adversely affect the Fund's investment return or increase the Fund's expenses and limit the Fund's ability to make offers to repurchase

4. RISK FACTORS (Continued)

Shares from shareholders. Portfolio Funds may be permitted to redeem their interests in-kind. Thus, upon the Fund's withdrawal of all or a portion of its interest in an Investment Fund, it may receive securities that are illiquid or difficult to value.

Limited Liquidity — Shares in the Fund provide limited liquidity since shareholders will not be able to redeem Shares on a daily basis. A shareholder may not be able to tender its Shares in the Fund promptly after it has made a decision to do so. There is no assurance that a shareholder will be able to tender its Shares when or in the amount that a shareholder desires. In addition, with very limited exceptions, Shares are not transferable, and liquidity will be provided only through repurchase offers made quarterly by the Fund. Shares in the Fund are therefore suitable only for investors who can bear the risks associated with the limited liquidity of Shares and should be viewed as a long-term investment.

Non-Diversified Status — The Fund is a “non-diversified” management investment company. Thus, there are no percentage limitations imposed by the 1940 Act on the Fund's assets that may be invested, directly or indirectly, in the securities of any one issuer. Consequently, if one or more securities are allocated a relatively large percentage of the Fund's assets, losses suffered by such securities could result in a higher reduction in the Fund's capital than if such capital had been more proportionately allocated among a larger number of securities. The Fund may also be more susceptible to any single economic or regulatory occurrence than a diversified investment company.

Leverage Risk — The Fund does not generally intend to utilize leverage, however, the Fund is permitted to and may, in the sole discretion of the Investment Manager, leverage its investment positions, when deemed appropriate by the Investment Manager for any reason. Furthermore, the strategies implemented by the Portfolio Funds typically are leveraged. While leverage presents opportunities for increasing the total return on investments, it has the effect of potentially increasing losses as well. Accordingly, any event which adversely affects the value of an investment could be magnified to the extent leverage is utilized. The cumulative effect of the use of leverage with respect to any investments in a market that moves adversely to such investments could result in a substantial loss that would be greater than if the investment were not leveraged.

Market Risk — Market risk arises primarily from changes in the market value of financial instruments. Exposure to market risk is influenced by a number of factors, including the relationships between financial instruments, and the volatility and liquidity in the markets in which the financial instruments are traded. Local, regional, or global events such as war, acts of terrorism, the spread of infectious illness or other public health issues, recessions, or other events could have a significant impact on the market generally, the value of Funds' investments, and overall performance of the Fund. In many cases, the use of financial instruments serves to modify or offset market risk associated with other transactions, and accordingly, serves to decrease the Fund's overall exposure to market risk. The Fund attempts to control its exposure to market risk through various analytical monitoring techniques.

5. INVESTMENTS BY THE FUND

The Fund, generally, has the ability to liquidate its investments periodically, depending on the type of investment, and for the Portfolio Funds, depending on the provisions of the respective Portfolio Fund's governing agreements. Contribution requirements may also vary based on each Portfolio Fund's governing agreements. Investment advisors who operate Portfolio Funds in which the Fund invests, receive fees for their services. The fees include management fees, performance allocations and direct expenses based upon the NAV of the Fund's investment. These fees are deducted directly from the trading account or Portfolio Fund investment balance in accordance with an advisory or limited partnership agreement. The management fees ranged from 0%–2% (with possible performance or high water mark fees ranging from 0% to 20%).

5. INVESTMENTS BY THE FUND (Continued)

The Fund can liquidate or redeem the marketable securities and open-end investment companies on a daily basis, and there are no restrictions or limitations placed on such investments. Additionally, the terms of the Portfolio Funds' governing documents generally provide for restrictions on transferability, minimum holding periods or lock-ups, the suspension of redemptions/withdrawals or the institution of gates on redemptions/withdrawals, at the discretion of the Portfolio Funds' Managers, and as a result, the Fund may not be able to redeem/withdraw from an investment in a Portfolio Fund without continued exposure to changes in valuations, which could be material.

The Fund's share of Portfolio Funds that were 5% or more of its net assets as of March 31, 2023 is as follows:

Investment (Description of Strategy)	Percentage of NAV (as restated, see Note 11)	Fair Value	Redemptions Permitted/Restrictions
Prime Property Fund, LLC ^(a) (Private Real Estate Fund)	10.3%	\$ 17,565,627	Quarterly withdrawals (90 days' notice required)
GEM Realty Securities Flagship, L.P. ^(b) (Long/Short Fund)	8.4%	\$ 14,264,455	Quarterly withdrawals (60 days' notice required)
CBRE U.S. Core Partners, LP ^(a) (Private Real Estate Fund)	8.0%	\$ 13,626,319	Quarterly withdrawals (60 days' notice required)

^(a) This strategy includes the funds that invest in real estate opportunities.

^(b) This strategy includes the fund that employs long and short trading in publicly traded common stock, preferred stock, and debt securities, primarily in REITs, real estate operating companies, homebuilders and companies that have a significant real estate component.

As of March 31, 2023, certain of the Fund's investments were deemed to be investments in affiliated issuers under the 1940 Act, primarily because the Fund owns 5% or more of the investment's total capital. The activity resulting from investments in these investments, including dividend income as well as realized gains and losses, is identified in the Statement of Operations as transactions with affiliated investments. A listing of these affiliated investments (including activity during the year ended March 31, 2023) is shown below:

Investments ⁽¹⁾	Fair Value 3/31/2022	Purchases	Proceeds From Sales or Other Dispositions	Net Realized Gain (Loss)	Net Change in Unrealized Appreciation (Depreciation)	Fair Value 3/31/2023	Dividend Income

6. INVESTMENT MANAGEMENT FEE AND OTHER TRANSACTIONS WITH SERVICE PROVIDERS

Investment Management Fee (as restated, see Note 11) — The Fund pays to the Investment Manager an investment management fee (the “Investment Management Fee”) in consideration of the advisory and other services provided by the Investment Manager to the Fund. Pursuant to an investment management agreement (the “Investment Management Agreement”), the Fund pays the Investment Manager a quarterly Investment Management Fee equal to 0.50% on an annualized basis of the Fund’s NAV as of each quarter-end. NAV means the total value of all assets of the Fund, less an amount equal to all accrued debts, liabilities and obligations of the Fund. For purposes of determining the Investment Management Fee payable to the Investment Manager for any quarter, NAV will be calculated prior to any reduction for any fees and expenses of the Fund for that quarter, including, without limitation, the Investment Management Fee payable to the Investment Manager for that quarter, and before giving effect to any repurchase of Shares in the Fund effective as of that date. For the year ended March 31, 2023, the Fund incurred \$889,989 in management fees.

The Investment Manager has entered into an investment management fee limitation agreement (the “Management Fee Limitation Agreement”) with the Fund, whereby the Investment Manager has agreed to waive 0.40% of its Investment Management Fee. The Management Fee Limitation Agreement was in effect for one year from the commencement of operations and will automatically renew for consecutive one-year terms thereafter (each, a “Current Term”). Neither the Fund nor the Investment Manager may terminate the Management Fee Limitation Agreement during the Current Term. The Investment Management Fee waiver is not subject for recoupment. For the year ended March 31, 2023, the Fund waived \$711,992 in Investment Management Fees.

Certain officers of the Fund are employees of the Investment Manager and are not paid by the Fund for the services they provide to the Fund.

Administrative Services Fee — Pursuant to an administrative services agreement with the Fund, the Investment Manager is entitled to a fee calculated at an annual rate of 0.10%, payable quarterly in arrears, based upon the Fund’s net assets as of quarter-end for providing administrative services to the Fund. Such services include the review of shareholder reports and other filings with the SEC; oversight of the Fund’s primary service providers; periodic due diligence reviews of the Fund’s primary service providers; coordination and negotiation of all of the contracts and pricing relating to the Fund’s primary service providers, with the advice of Fund counsel; providing information to the Board relating to the review and selection of the Fund’s primary service providers; and all such other duties or services necessary for the appropriate administration of the Fund that are incidental to the foregoing services.

Distributor — UMB Distribution Services, LLC is the distributor (also known as principal underwriter) of the Shares of the Fund and acts as the agent of the Trust in connection with the continuous offering of Shares of the Fund.

Administrator — UMB Fund Services, Inc. (the “Administrator”) serves as administrator to the Fund and provides certain administrative, clerical, bookkeeping and investor related services. For these services the Administrator receives a quarterly fee, as well as reasonable out of pocket expenses. For the year ended March 31, 2023, the Fund paid \$204,111 in administration fees.

Certain trustees and officers of the Fund are employees of the Administrator and are not paid by the Fund for the services they provide to the Fund.

Custodian — UMB Bank, n.a. (the “UMB Bank”), an affiliate of the Administrator, serves as the primary custodian of the assets of the Fund, and may maintain custody of such assets with U.S. and non-U.S. sub custodians (which may be banks and trust companies), securities depositories and clearing agencies in accordance with the requirements of Section 17(f) of the 1940 Act and the rules thereunder. Assets of the Fund are not held by the Investment Manager

or commingled with the assets of other accounts other than to the extent that securities are held in the name of the UMB Bank or U.S. or non-U.S. sub custodians in a securities depository, clearing agency or omnibus customer account of such custodian. In consideration for these services, the Fund pays the UMB Bank an asset based fee.

Chief Compliance Officer — Vigilant Compliance, LLC (“Vigilant”) provides Chief Compliance Officer (“CCO”) services to the Fund. An officer of the Fund is an employee of Vigilant.

Guarantees and Indemnification — In the normal course of business, the Fund enters into contracts with service providers that contain general indemnification clauses. The Fund’s maximum exposure under these arrangements is unknown, as this would involve future claims against the Fund that have not yet occurred. Based on experience, the Fund expects the risk of loss to be remote.

7. CAPITAL CONTRIBUTIONS AND WITHDRAWALS

The Fund will generally offer Shares for purchase as of the first business day of each calendar quarter, except that Shares may be offered more or less frequently as determined by the Board in its sole discretion. The Board may also suspend or terminate offerings of Shares at any time.

A substantial portion of the Fund’s investments are illiquid. For this reason, the Fund is structured as a closed-end fund, which means that the Shareholders will not have the right to redeem their Shares on a daily basis. In addition, the Fund does not expect any trading market to develop for the Shares. As a result, if investors decide to invest in the Fund, they will have very limited opportunity to sell their Shares. At the discretion of the Board and provided that it is in the best interests of the Fund and the Shareholders to do so, the Fund intends to provide a limited degree of liquidity for the Shareholders by conducting repurchase offers generally quarterly with a valuation date on or about March 31, June 30, September 30 and December 31 of each year. Each repurchase offer ordinarily will be limited to the repurchase of approximately 5% of the Shares outstanding, but if the value of Shares tendered for repurchase exceeds the value the Fund intended to repurchase, the Fund may determine to repurchase less than the full number of Shares tendered. In such event, Shareholders will have their Shares repurchased on a pro rata basis, and tendering Shareholders will not have all of their tendered Shares repurchased by the Fund. No Shareholder will have the right to require the Fund to redeem its Shares.

8. TAX INFORMATION (as restated, see Note 11)

At March 31, 2023, the cost of investments on a tax basis and gross unrealized appreciation/(depreciation) on investments for federal income tax purposes were as follows:

Cost of investments	<u>\$ 147,748,205</u>
Gross unrealized appreciation	44,518,282
Gross unrealized depreciation	<u>(18,710,270)</u>
Net unrealized appreciation on investments	<u>\$ 25,808,012</u>

The difference between cost amounts for financial statement and federal income tax purposes is due primarily to timing differences in recognizing certain gains and losses on security transactions.

8. TAX INFORMATION (as restated, see Note 11) (Continued)

U.S. GAAP requires that certain components of net assets be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or NAV per share. Permanent differences in book and tax accounting are attributable to net operating losses for the tax year ended October 31, 2022 and to nondeductible deferred income tax benefit for the fiscal year ended March 31, 2023. The following amounts have been reclassified to paid-in capital and total accumulated earnings/(losses):

	Increase (Decrease)	
	Paid-In Capital	Total Accumulated Earnings (Losses)
Tax Year Ended October 31, 2022	\$ 7,535,052	\$ (7,535,052)
Fiscal Year Ended March 31, 2023	657,183	(657,183)

See Note 2 — Federal Income Taxes for additional information related to the significant considerations in the evaluation of the Fund's qualification as a Regulated Investment Company.

The Fund is a C corporation for income tax purposes and is therefore obligated to pay federal and state income tax on its taxable income. Currently the federal income tax rate for a corporation is 21% and blended state tax rate net of Federal benefit is 6.71%. Current taxes reflect the tax liability of the Fund based on taxable income for the tax year ended October 31, 2023. Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. A valuation allowance is recognized if, based on the weight of the available evidence, it is more likely than not that all of the deferred income tax asset will not be realized.

In order to re-qualify as a Regulated Investment Company the Fund will move certain assets into a wholly-owned C corporation blocker. The Fund assesses the need for deferred tax liability or asset based on the assets to be moved into the C corporation blocker. As of March 31, 2023, the Fund recorded a net deferred tax liability. Should a net deferred tax asset exist in the future, the Fund will assess whether a valuation allowance should be booked to reserve against that asset.

8. TAX INFORMATION (as restated, see Note 11) (Continued)

The Fund's current and deferred tax (expense)/benefit as of March 31, 2023 consist of the following:

Current Tax (Expense) Benefit	
Federal	\$ —
State	—
Total Current Tax (Expense) Benefit	—
Deferred Tax (Expense) Benefit	
Federal	\$ 498,045
State	159,137
Total Deferred Tax (Expense) Benefit	657,183
Total Income Tax (Expense) Benefit	\$ 657,183

Deferred income taxes reflect the net tax effect of temporary differences between the carrying amount of assets and liabilities for financial reporting and tax purposes.

Components of the Fund's deferred tax assets and liabilities are as follows:

Deferred tax liability	
Net unrealized gain on investment securities	\$ (974,999)
Net Deferred Tax Asset/(Liability)	<u>(974,999)</u>

Total income tax (expense)/benefit (current and deferred) differs from the amount computed by applying the federal and state statutory income tax rates to net investment income and realized and unrealized gain/(losses) on investment before taxes as follows:

Federal income tax (expense)/benefit at statutory rate	\$ 2,929,140
State income tax (expense)/benefit (net of federal benefit)	936,146
Permanent differences, net	(3,208,103)
Net Income Tax (Expense) Benefit	<u>\$ 657,183</u>

The utilization of net operating losses in future years are limited to the lesser of all available net operating losses or 80% of taxable income before net operating loss utilization. For the tax year ended October 31, 2022, the Fund did not utilize or defer any net operating losses.

Capital losses incurred during the year can be carried back three years or forward five years. The fund did not utilize or defer any capital losses during the period.

9. INVESTMENT TRANSACTIONS

For the year ended March 31, 2023, the total purchases and total distribution proceeds from sale, redemption or other disposition of investments, excluding cash equivalents, amounted to \$40,198,880 and \$32,380,427, respectively.

10. COMMITTED REPURCHASE AGREEMENT FACILITY

The Fund entered into a one-year term committed repurchase agreement facility amounting to \$15,000,000 with UMB Bank on December 19, 2022. The purpose of the facility is to finance temporarily the repurchase or redemption of Shares of the Fund. The Fund may borrow up to 10% of the Fund's assets or \$15,000,000, whichever is less. As collateral, the Fund will transfer to UMB Bank cash or cash equivalents ("Cash Collateral") or eligible marketable securities ("Non-Cash Collateral") under the repurchase agreement transaction. UMB Bank will maintain Cash Collateral at 100% and /or Non-Cash Collateral at 200% of the prior day's market value of the repurchase agreement transaction. The Fund is charged interest for borrowing under this agreement. The interest is calculated using the Federal Funds Target Range - Upper Limit (FFTRU) plus 150 basis points. The commitment fee for the period December 19, 2022 through March 31, 2023, is disclosed on the Statement of Operations and the remaining commitment fee to be amortized is disclosed on the Statement of Assets and Liabilities. During the year ended March 31, 2023, the Fund did not borrow from the committed repurchase agreement facility.

11. RESTATEMENT

Subsequent to the issuance of the March 31, 2023 financial statements, the Fund determined that current and deferred tax liability related to the Fund being a C corporation for income tax purposes had not been properly accounted for by the Fund.

The determination of the need to record current and deferred tax liabilities in accordance with ASC 740 involved reevaluation of data available at March 31, 2022 in accordance with subsequently implemented policies and procedures related to the Qualifying Income Test to assess the likelihood of the Fund qualifying as a Regulated Investment Company. Based on the reevaluation of data available at March 31, 2022, it was determined that the Fund did not meet the "more likely than not" evaluation criterion provided by ASC 740 for qualifying as a Regulated Investment Company. As a result, the Fund did not properly record current and deferred tax liabilities related to the Fund being a C corporation for income tax purposes resulting in the understatement of the tax liability and overstatement of the Fund's NAV. See Note 2 - Federal Income Taxes for additional information related to the significant considerations in the evaluation of the Fund's qualification as a Regulated Investment Company.

Subsequent to March 31, 2023, the Investment Manager voluntarily agreed to reimburse the Fund for income tax liability payable by the Fund in the amount of \$1,252,244 to make the Fund whole and to put shareholders in the position they would have been if the Fund would have qualified as a Regulated Investment Company, which was retroactively recorded as of March 31, 2023 (the "Voluntary Waiver"). In accordance with U.S. GAAP, such reimbursement cannot be recorded retroactively. As a result, the receivable from Investment Manager and the Fund's net asset value were overstated as of March 31, 2023.

As a result, the Fund has restated its statement of assets and liabilities, including the schedule of investments, as of March 31, 2023, and its statement of operations, statement of changes in net assets, statement of cash flows and financial highlights for the fiscal year ended March 31, 2023. See Note 13 for additional periods that were restated, including comparative periods as presented within these financial statements.

The restatement adjustments had no effect on the reported fair values or cost of investments as reported in the statement of investments. In addition to the restated financial statements, the information contained in Notes 2, 5, 6, 8, 11, 12 and 13 to the financial statements was added or restated as part of the restatement.

12. REMEDIATION NOTE

As a result of the Fund's failure to qualify as a Regulated Investment Company and improper accounting of the Voluntary Waiver, the Investment Manager has made a conclusion that the calculation of the NAVs per share upon which the shareholders transacted during the period from December 31, 2021 through June 30, 2023 (the "overstatement period") did not properly account for the tax liability during the period. The shareholder transactions that were negatively impacted during the overstatement period will be reprocessed. The Fund will not claw back the overpayment amount from positively impacted shareholders, instead, the Investment Manager will make a contribution to the Fund for the overpayment to make the Fund whole. For the overstatement period ended March 31, 2023, the Investment Manager will contribute \$427,042 to make the Fund whole, of which \$344,460 was recorded for the year ended March 31, 2023.

13. SUBSEQUENT EVENTS (as restated, see Note 11)

The Fund has evaluated the events and transactions through the date the financial statements were issued and determined that except for the events noted below there were no subsequent events that required adjustment to or disclosure in the financial statements.

Concurrently with the restatement of financial statements and accompanying notes in the Fund's March 31, 2023 annual report, the Fund has also restated financial statements and accompanying notes in its semi-annual and annual reports effective during the overstatement period and September 30, 2023 to reflect current and deferred tax liabilities for those periods.

In August 2023, the Investment Manager reimbursed the Fund for the Voluntary Waiver.

As of September 30, 2023, the Fund completed the transfer of certain assets into the wholly owned C corporation blocker. The Fund intends to re-qualify as a regulated investment company for the tax year ending October 31, 2024.

During the tax year ended October 31, 2023, the Fund incurred capital losses. As a result, the Fund expects to carry back approximately \$3,597,370 of the incurred capital losses and record an estimated tax benefit in the amount of \$755,448 as of December 31, 2023.

ASPIRIANT RISK-MANAGED REAL ASSETS FUND REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Trustees of
Aspiriant Risk-Managed Real Assets Fund

Opinion on the Financial Statements

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of Aspiriant Risk-Managed Real Assets Fund (the "Fund") as of March 31, 2023, the related statements of operations and cash flows for the year then ended, the statements of changes in net assets and the financial highlights for each of the two years in the period then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Fund as of March 31, 2023, the results of its operations and its cash flows for the year then ended, the changes in net assets and the financial highlights for each of the two years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

Correction of a Material Misstatement

As discussed in Note 11 to the financial statements, the Fund has restated its statement of assets and liabilities, including the schedule of investments, as of March 31, 2023, the related statements of operations and cash flows for the year then ended, and the statements of changes in net assets and financial highlights for each of the two years in the period then ended to correct a misstatement.

Basis for Opinion

These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on the Fund's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Fund in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of March 31, 2023, by correspondence with the custodian and underlying fund managers; when replies were not received, we performed other auditing procedures. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the Fund's auditor since 2021.
